TAL REGEV,

JEWISH STUDIES RESOURCE TEACHER GRADES 1/ LIBRARIAN
BIALIK HEBREW DAY SCHOOL, TORONTO, CANADA

TO WHOM IT MAY CONCERN

I have been living in Canada for nine years with my husband and three children. For six of these years, I have worked at the Bialik Jewish School of Education, initially as a librarian and this year also as an integration teacher for children with special needs in first grade.

My professional experience before coming to Canada was in producing and writing content for children while working at **Hop! kids channel** and the **children's channel**.

When I start working at **Bialik School**, it felt like an amazing match: my in-depth knowledge of Israeli and Jewish education, combined with working at an Israeli school in the Diaspora, promoting Zionism and love of Israel - suited me exactly. It is exactly the content and knowledge I gained in Israel.

Last year I started looking for gaining more knowledge of Jewish and Israeli education outside of Israel. I was looking to study for a master's degree that combines these two areas of interest.

When I came across publications for the **Masters Blended Program Specializing in Jewish Education program of the Hebrew University**, that was exactly the program I was looking for. A combination of English and Hebrew, Israel and Canada, Zionism and love of Israel and yet living in the Diaspora. The entrepreneurship track that opened this year is especially exciting to me. In my soul, I am an entrepreneur, producer, love people and think that the future lies in unique initiatives that connect Israel and the Diaspora. I'm very excited to start.

Sincerely

Tal

Tal Regev
